

OMG Managed Community Charter

1. Mission and Scope of the Community.

1.1. Purpose. The purpose of the OMG Systems Modeling Community (the “Community”) is to enable collaboration in support of various promotional or open collaboration activities relating to defining, promoting, and improving the practice of systems modeling for end user practitioner and organizations, tool vendors and academia, to promote the adoption and advancement of Model Based Systems Engineering (MBSE), and to support building modeling languages and domain-specific extensions based on the Kernel Modeling Language (KerML) and the OMG Systems Modeling Language (SysML).

1.2. Formation. The Community was formed on 26 September 2023 (the “Effective Date”) at the request of the following OMG (SDO) Members (the “Founding Members”):

1. INCOSE
2. Model Driven Solutions

1.3. Sponsoring Group. The Community is being sponsored by the Systems Engineering Domain Special Interest Group (SE DSIG) of the OMG (SDO) (the “Sponsoring Body”). This sponsorship has been approved by the Sponsoring Body on 26 September 2023, and affirmed here by Sandy Friedenthal.

1.4. Founding Chairs. The Founding Members have appointed the following OMG Member Representatives to fill the roles of the Founding Chairs of the Community:

1. Sanford Friedenthal
2. Edwin Seidewitz

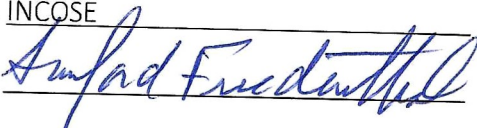

2. Bylaws.

The Community will be bound to and operate under the OMG Managed Community Bylaws the latest version of which can be found at:

<https://www.omg.org/communities/managed/legal/bylaws>.

The above listed Founding Members and Founding Chairs agree to operate the Community under the above Bylaws, affirmed by their signatures below.
